System analysis+ UI/UX design

Kampala, Uganda

I have experience working as a system analyst and as well doing UI/UX with Makerere University at the Dean's office during my internship. Here I came up with designs for the website of Makerere University which helps in allocating teaching load to the Lecturers for better administration.

UI/UX design, Personal project

Kampala, Uganda

I managed to work on Guezza church app where I was the UI/UX designer for the project. This application enhanced usability for the users and as well improved administration for the church.
